The **EZ**-Stretch exercise bands provide the means to safely improve both strength and endurance, range of motion and flexibility and is suitable for hospitals, clinics and home use.

**Features:**

**Economical**

The inexpensive alternative to conventional weights and exercise equipment.

**Versatile**

Unlimited possible uses. Use as a straight length, loop around a stationary object, or add an accessory to increase the versatility.

**Comfortable**

Wide band for ease of use and distributes the resistive force over a wide area, preventing impaired circulation.

**Progressive**

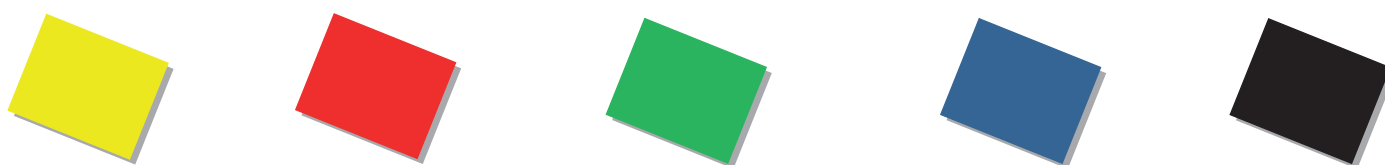

The different resistance levels allow each exercise programme to be geared to the abilities of individual patients.

Latex & Latex Free  
exercise band available

**FANTASTIC VALUE!**

Now available in handy poly bags for re-sale to  
your patients

**FROM AS LITTLE AS 90p**

Our high-quality banding is one of the best value exercise bands on the market!  
Samples are available on request

## MAMBO MAX PILATES RING

Foam covered fiberglass resistive exercise ring with foam padded grips. For exercises focusing on strength, balance, flexibility and posture. The Mambo Max Pilates Ring adds light resistance to Pilates exercises and helps target specific muscle groups. Often used to help tone the arms and thighs, and increase the core strength challenge of an exercise.

CODE	DESCRIPTION	PRICE
C04-010101	Mambo Max Pilates Ring 38cm	£15.60 + VAT

## MoVeS FIT SUPERLOOP 104CM (lay flat)

The MoVeS FIT Superloop has a lay-flat-length of 104cm (circumference is 208cm) and has an incredible elasticity. Stretch and strengthen different muscle groups with the MoVeS FIT Superloop. Due to its elastic characteristics they can be used to make exercises more accessible or just harder. Let it give you a push during pull-ups or add some extra gravity when doing squats. In conclusion, the MoVeS FIT Superloop is perfect for both rehabilitation and fitness purposes.

CODE	RESISTANCE	PRICE
C01-110402	Light - Peach	£4.60 + VAT
C01-110403	Medium - Orange	£8.95 + VAT
C01-110404	Heavy - Lime Green	£13.50 + VAT

## MSD/MoVeS SHOULDER ROPE PULLEY

The MSD/MoVeS Shoulder Rope Pulley is an economical, easy-to-use device that helps increase range of shoulder motion. It can be used for prevention and rehabilitation of shoulder injuries.

This easy to use shoulder rope pulley can be mounted in a doorway.

The unique handles allow the user to easily adjust the length of the rope.

CODE	DESCRIPTION	PRICE
C01-400104	Shoulder Rope Pulley Door Anchor - Eco Bag	£4.50 + VAT
C01-400101	Shoulder Rope Pulley Door Anchor + Stoppers - Boxed	£4.95 + VAT
C01-400105	Shoulder Rope Pulley Door Anchor + Wooden Handles	£5.25 + VAT

## MSD/MoVeS FLEX-ION

The spring-loaded buttons of the MSD/MoVeS Flex-Ion isolate each digit, so the strong fingers cannot compensate for the weaker ones. This results in a better, faster and easier to control rehab process. MSD/MoVeS Flex-Ion is available in 6 colour coded units with gradual resistance. This gradual resistance helps the therapist measure progress. The ergonomic base adds comfort and stability. Comes with a full colour and multilingual instruction manual.

CODE	DESCRIPTION	PRICE
C02-000101	MSD/MoVeS Flex-Ion - Tan	£13.00 + VAT
C02-000102	MSD/MoVeS Flex-Ion - Yellow	£13.00 + VAT

## TOGU® DYN AIR® BALL CUSHION ADVANCED SMOOTH / SENSO

The Dynair® Ball Cushion is an inflated and dynamic therapy and training tool made of patented Ruton. It can be used especially in physiotherapy for back muscle training and for strengthening the pelvic floor muscles. It is also a space saving alternative to an exercise ball and being used as an unstable surface for back and fitness training.

- Inflated, soft, pliable and dynamic ball-cushion
- Sit on it - for a healthy back without pain
- Stand on it - for joint stabilization and improved balance
- Lay on it - while performing core strengthening exercises
- Suitable for office-chairs, benches and floors
- Withstands loads up to 200 kg
- Made of non-toxic, odourless Ruton, free of forbidden phthalates

**Songbird Lavender Massage Wax** is formulated with French Lavender Oil offering a deep healing and calming scent. Ideal for use as an all over massage wax.

**Songbird Orange Spice Massage Wax** It helps to disperse lactic acid to reduce aches and pains. Essential Oils of Grapefruit, Orange and Pimento.

**Songbird Sports Massage Wax** contains Beeswax and Arnica which works on the skin as well as the muscles, making it an excellent pre and post event massage medium. Essential oils of Calendula, Manuka and Lemon.

**Songbird Unscented Massage Wax** contains no essential oils, but in all other respects gives the same benefits as the other waxes. Therapists can choose to create their own blends.

**Songbird Women's Blend** is a balancing blend of essential oils, including Geranium, Frankincense and Bergamot. Offers a very pleasant and uplifting citrusy aroma.

**Songbird Fascial Release Wax** will give you grip, control of tissue and the ability to stretch, open, move and separate it. Beeswax, Olive Oil, Almond Oil, Arnica, Calendula, Essential Oils of Manuka and Lemon. Also has Hypericum.

## NAQI MASSAGE LOTION

### SPORT

*An excellent oil-rich lotion for longer sports massage.*

To create exceptional lubrication properties NAQI® developed a lotion with very high-quality components. Combined with cetearyl ethylhexanoate, this lotion achieves an exceptional lubrication but limits the greasy feeling. This combination results in a massage lotion that is extremely economic in use, easy washable and leaves no stains. The intensive use of massage lotion during sports massage requires a pleasant yet neutral hypoallergenic perfume. (Does not contain parabens or formaldehyde releasers)

CODE	SIZE	PRICE
MAS1012	500ml	£6.75 + VAT
MAS1013	5 Litre	£35.95 + VAT

### LIGHT

*An optimal lotion for your daily treatments and skin care needs. A must in each clinic.*

A skin care lotion for short massages. The massage lotion leaves the skin soft, supple and non-greasy and prevents calluses on the skin. A lotion for daily treatment, ideal skin care for your customers especially bedridden persons. This lotion provides lasting and immediate hydration and protection. The NAQI® Massage Lotion Light restores the natural skin balance, after use the skin feels soft. Dermatologically tested.

CODE	SIZE	PRICE
MAS1010	500ml	£6.50 + VAT
MAS1011	5 Litre	£34.95 + VAT

### ULTRA

*An ideal lotion for all your therapeutic treatments.*

In addition to sports massage, physical therapists & massage therapists practice a wide range of different massage, requiring a non-greasy massage lotion with immediate, excellent lubricating and dispersion properties. NAQI® supplies a very specific O/W emulsion for this purpose. The NAQI® Massage Lotion. ULTRA perfectly balances a long-lasting gliding effect, with a non-greasy light feel. Enriched with a soft hypo-allergenic perfume. The perfect solution. (Does not contain parabens or formaldehyde releasers)

CODE	SIZE	PRICE
MAS1014	500ml	£6.75 + VAT
MAS1015	5 Litre	£37.95 + VAT

### RECOVERY

*Quicker recovery after intense workouts.*

NAQI® Recovery Gel helps reduce muscle fatigue and stiffness after physical activity. It contains essential oils of eucalyptus, peppermint, cypress, arnica and juniper, and vanillyl butyl ether to stimulate blood flow and increase the supply of nutrients and oxygen to tired muscles. By speeding up the removal of waste materials built up in the muscles, you will enjoy a quicker recovery after intense workouts. As a result, NAQI® Recovery Gel helps boost your performance. NAQI® Recovery Gel is easily absorbed, non-greasy and has an intense and prolonged effect.

CODE	SIZE	PRICE

Biofreeze is the No1 topical pain relieving gel recommended by clinical professionals in the USA.

For over 25 years, Biofreeze has been helping people to manage their discomfort by offering a variety of benefits that assist in therapy, pain relief, exercise/training and overall comfort. Our unique formula acts quickly, preventing or relieving pain through cold therapy. Biofreeze is the only analgesic with ILEX, an herbal extract from a South American holly shrub. The ILEX works to extend the properties of the three analgesics contained in Biofreeze. The result is a deep, long lasting pain relief period and acceleration of the basic healing process through relaxation of stiff, aching muscles (reports up to 6 hours).

## THERAFLEX ELASTIC GEL HOT/COLD PACKS

TheraFlex hot/cold packs are ideal for all clinical applications. Flexible when frozen, reusable and filled with a non-toxic, biodegradable gel. The wrapper is also recyclable. The packs are leak proof providing added safety for patients. Use also as a hot pack by either microwaving or placing in hot water.

- Gel construction keeps its pad like shape even at high temperatures
- Gel pad will not liquefy when heated, making TheraFlex ideal for compression wraps
- Microwave or heat in water
- Stays flexible when frozen
- Bends to fit and maintains thickness no matter how severe the bend
- Gel contents will not leak if pack is punctured or torn

# SONOPULS 490 ULTRASOUND

Easy to use colour touch screen with full anatomical colour diagrams  
1 & 3 MHz Ultrasound

Partner for Life

The Sonopuls 490 offers continuous and pulsed ultrasound therapy. Treatment frequencies of 1&3mhz can be applied. The 5cm treatment head is connected via sockets. Utilising a central control button the unit is set and ready for use. Adjusting the treatment parameters, the set values remain constantly visible on the large coloured display. The treatment is interrupted in case of poor acoustic contact until the contact is completely restored, this guarantees optimal treatment. 25 evidence based programs of the most common indications are pre-programmed into the Sonopuls 490. A free programmable start up program assures that the unit is set on your favourite treatment protocol as soon as the unit is turned on.

- Multi-frequency Treatment Head 1 & 3 MHz
- Continuous and pulsed ultrasound
- Colour anatomical charts
- Touch Screen
- Evidence based protocols
- Contact control

## SONOPULS 492 – COMBINATION THERAPY

The top device of the 4 series is the NEW Sonopuls 492. This complete unit ensures that you can apply ultrasound therapy, electrotherapy and combination therapy. You will have a solution for every disorder at your fingertips with both 1 MHz and 3 MHz ultrasound, with a small and/or a large ultrasound treatment head and with all modern and effective current types that are fully integrated! The neatly arranged touch screen operating panel makes operation extremely easy and fast. All information that you may need is displayed in a very well-organised manner. Selecting the correct parameters is also easy. Thanks to the integrated evidence-based protocols, the best recommendations will be made. The graphic help screens that display localisations and anatomic representations guarantee the correct execution of the therapy. The Sonopuls 492 can be used as a mobile device thanks to the battery (optional). In addition to using it with a mains power supply, the equipment can also be used in a clinic, next to the bed of a patient or at home. Thus the multifunctional Sonopuls 492 can also become your assistant wherever you may go.

- Multi-frequency Treatment Head 1 & 3 Mhz
- Contact Control
- Combination Therapy
- 19 current wave forms for electrotherapy
- 2 & 4 pole interferential
- Evidence based pre-set programmes
- Self-programming available
- Colour anatomical charts
